

Paint your skyline, then cut the hill and crosses from black paper or add with a black felt tip pen

Paint, colour or collage an egg shape, then cut into four pieces and separate them to show that the cross is at the heart of Easter.

Cut out a cross shape from some scrap paper and then place it in the middle of the piece of paper you want to paint on.

Use cotton buds, sponges, or anything you like to dab paint all over your picture.

When you peel away the cross, the blank space is revealed.

On one side of a clear lid (yogurt or dip pot lids work well), draw a pattern with a black permanent marker (e.g. Sharpie). Turn over and colour-in with coloured markers. Place in your window.

Easter Stones

Find some stones from the garden

Wash them

Once dry use paint, nail varnish or sharpies to decorate them with an Easter theme

You could then use these to decorate the edge of your garden path or the soil around the top of a plant pot.
