

## Crochet Guardian Angel (UK version adapted by ACraftyVixen) - designer unknown

Abbreviations:

Ch = chain

Sl st = slip stitch

DC = double crochet

TR = treble crochet

[ ] = repeat stitches shown in parenthesis

Remember to turn your work at the end of every row from the end of Step 3!

Create a magic circle OR Ch 4, join with a sl st

2. Ch3 (counts as 1st TR), 11TR into the loop/ circle, join the last TR with a sl st to the top of the Ch3 = 12 TR

3. (Increase) Ch3 (counts as 1st TR) & TR into same stitch, then 2TR into each of the next 4 stitches = 10TR

If you wish to change colour for the wings, do this now, or add in metallic or coloured yarn to add depth.

4. (Increase) Ch3 (counts as 1st TR) & TR into same stitch, then 2TR into the next 8 stitches (the last 2TR will be in the top of the Ch3) = 20TR

5. Ch3 (counts as 1st TR), ch1 then [TR, ch1] into each stitch on the row = 20TR & 20 ch1 spaces

That's the end of the wings, so if you want to change the colour back, swap it now. You can tie off here and re-attach your other yarn for step 6 OR if you are keeping one colour, sl st down the stitches to the 7th Ch1 space to start step 6

6. In the 7th Ch1 space, do Ch3 (counts as 1st TR), TR, Ch1, 2TR. Skip the next Ch1 space, and repeat [2TR, Ch1, 2TR] into the 9th Ch1 space, the 11th Ch1 space and the 13th Ch1 space = 4 Clusters

7. Ch3 (counts as 1st TR), then into the Ch1 space you made in the last row (between the 2 sets of 2TR) do 2TR, Ch1, 2TR like the previous row. Repeat [2TR, Ch1, 2TR] into the next 3 Ch1 spaces, then finish with a TR into the top of the Ch3 of the row below = 4 Clusters

8. Repeat Step 7 = 4 Clusters

9. Ch3 (this counts as a chain, NOT a TR this time!), DC into the Ch1 space, Ch3, DC between the clusters. Repeat [Ch3, DC] to the end of the row and finish with a DC in the top of the Ch3 in the previous row = 8 ch3 loops, 8DC

10. Ch3 (counts as 1st TR), 3TR into the loop, DC into the DC of previous row, 4TR, DC into the DC of previous row. Repeat [4TR, DC] until the last loop, and in the last loop do 3TR and one last TR into the Ch3 of the previous row = 8 Clusters

Finish off, and add a ribbon or a crochet chain for hanging your Angel!
